

Come and meet our team @

The first major Australian event to be held in 2009, ACE prides itself in being one of Australia's largest trade shows for the earthmoving, civil contracting and quarry industries.

Held every 2 years, it also attracts visitors from the demolition, farming, forestry, mining, road construction, hire & rental and government sectors. The 2009 Expo will be held at Sandown Racecourse (Melbourne VIC Australia) from 26th - 28th February 2009.

ThyssenKrupp Steelcom will be on a stand H14. Look for the blue TK flags and our ever friendly sales staff.

If you can't wait that long to find out more, contact us now for more information or visit www.ace.com.au.

TK Steelcom Queensland open for business

We are pleased to announce that Martin Cross has joined ThyssenKrupp Steelcom as a Sales Representative – QLD (Australia) Region on Monday, 1 December 2008.

Martin is responsible for the new trench box business. He brings long experience in a broad range of civil engineering activities and will work closely with TKS and our sister company TK Bauservice (Emund & Staudinger + Krings Verbau) to develop a stronger client base in the QLD markets for trench boxes.

TK Bauservice is based in the group of TK GfT Bautechnik and is mainly specialized and involved in trench box business.

For more info, check our website.
